Subject: Invitation to present Research Papers and Participation in XXXIX Indian Social Science Congress, December 1-5, 2015 at Mangalore University, Mangalore 574 199

Dear Colleague,

The 39th session of Indian Social Science Congress of the Indian Academy of Social Sciences is scheduled to take place at Mangalore University from December 1 to December 5, 2015. As the President of the Academy, I take great pleasure in inviting you and all the fellow scientists of your institution to contribute to the deliberations of the Congress. The focal theme of this year's Congress is "**Emerging interfaces of the Social Sciences and Public Policy in India**". One of the strengths of the Indian Academy of Social Sciences has been that it has, since its inception, encouraged trans-disciplinarily in research related to the society and humans. This is reflected in the fact that a very significant number of its Presidents have been from outside the traditional social science disciplines. A large number of young scholars who take part in the Congress every year also come from diverse groups of Sciences, such as, Natural, Physical, Life and Informational Sciences besides the Social Sciences. In the 39th Congress, we hope to take stock of the knowledge that scientists have created not within their narrow disciplinary boundaries, but at the interface their discipline has with other social sciences. The Congress proposes to examine the relevance of such knowledge for framing of public policy in India. The ostensible purpose of having such a focus is to avoid the disciplinary biases that generally creep in when one works with a narrow disciplinary focus. It is our hope that the deliberations of the Congress will also contribute in creating a climate for research collaborations among the scientists from across the sciences and disciplines which may lead to development of institutes of trans-disciplinary social sciences.

The attached brochure provides the details of the plenary lectures, seminars, symposia and workshops that will be organized as part of the Congress. On behalf of the Academy, may I seek your active participation in the 39th Indian Social Science Congress. I am sure that the deliberations will immensely help, not only scientists who take part but also go a long way in the development of social sciences in the Country. It is also hoped that they will also enrich understanding of the framers of public policy with a view to building harmonious societies and a better world.

Yours sincerely,

R.C. Tripathi

(R.C. Tripathi)

29.08.2015

Dear Sir/Madam,

Sub: Invitation to XXXIX Indian Social Science Congress – reg.

Greetings from Mangalore University.

It is my privilege to invite all of you to the 39th session of Indian Social Science Congress of Indian Academy of Social Sciences (ISSA) to be held in Mangalore University during **December 1-5, 2015 at Mangalagangothri, Mangalore**. Mangalore University takes pride in hosting this Congress on the focal theme '*Emerging Interfaces of Social Science and Public Policy in India*'. As Vice Chancellor of host University, I extend a warm welcome to all.

I would like to share with you certain aspects of this culturally distinct University representing the unique traditions of Coastal Karnataka. On the one hand, it engages with the diverse traditions, values and practices of the local terrain and on the other, it strives to preserve, promote and empower the local languages and communities. Simultaneously, it tries to articulate, develop and foster the linkages between the local and global, commensurate with the needs and the times.

To crystallize such a vision, Mangalore University has always attempted to take the lead in transforming academic portals into happening knowledge hubs. Programmes and initiatives have regularly been designed for their social relevance and contemporaneity. The Indian Social Science Congress which aspires to bring under one umbrella all the different disciplinary streams for constructive deliberations and engagement is such an ideal platform for operationalizing forward looking endeavours.

I take this opportunity to wish all the stakeholders and participants of this constructive pro-active initiative the very best. I hope that it will create new dimensions and perspectives to the ever-expanding frontiers of knowledge by bringing together scholars, researchers, policy makers, teachers, social activists, journalists, scientists and entrepreneurs.

With regards,

Yours sincerely,

K. BYRAPPA

XXXIX INDIAN SOCIAL SCIENCE CONGRESS

I PREAMBLE

Indian Academy of Social Sciences (ISSA) in association with Mangalore University shall hold 39th session of Indian Social Science Congress (ISSC) from December 1-5, 2015 at Mangalore with a view to developing and disseminating science of Nature-Humans-Society in Indian context through appraisal and integration of current research and theories in all subjects of science including Philosophy and Humanities for enabling people of India to enjoy higher order of material, social and cultural life while living in peace and harmony with Nature. All university and college teachers, research students, research scientists working in Research Institutes and laboratories of DST, CSIR, ICMR, ICAR, ICSSR, ICHR, ICPR and other privately funded deemed universities and research institutes are cordially invited to participate in it. Policy planners, social activists and social thinkers having concern for science of Nature-Humans-Society too are cordially invited.

II FOCAL THEME

The Indian Academy of Social sciences and Mangalore University have resolved to focus deliberations of XXXIX Indian Social Science Congress on 'Emerging Interfaces of Social Science and Public Policy in India', which is an extension of the deliberations on 'Knowledge Systems, Scientific Temper and the Indian People,' held at XXXVIII Indian Social Science Congress in March 29-April 2, 2015, Andhra University, Visakhapatnam. A note on it prepared by National Academic Advisory Committee is given on pp 14-22. As is well known social science is used to denote basic character of scientific knowledge of Nature-Humans-Society and not the current divisions in science. All subjects of science and technology, therefore, fall under the phrase 'Social Science'. Also, the word 'Nature' today encompasses all that exists (non-living as well living) on, within, above, below and around the Planet Earth. Humans and Societies too are integral to Nature as old conceptions of Nature, Humans and Societies are no longer valid. It is in this sense that our scientists of all subjects are hereby invited to examine the interfaces of their subjects with other subjects and the necessity, relevance and validity of scientific knowledge produced by them to the Public Policy in India.

Major objectives are as follows:

1. To examine the interfaces of Social Science knowledge and its relevance and utilization for Public Policy India.
2. To discover and develop an integrated theory and method of Social Science/Science of Nature-Humans-Society.
3. To examine the scientific foundations of all public policies in Democratic Republic of India
4. To comprehend the connections between Social Science/Science of Nature-Humans-Society and Public Policy in India and elsewhere.
5. To analyse the differentials of Politics of Public Policy and Science of Public Policy.
6. To work out an appropriate scientific strategy for appropriate utilization of social science/science of Nature-Humans-Society for shaping/reshaping Public Policies having bearing on the wellbeing of the People of India in particular, and the people of the world in general.

III PLENARIES

It is proposed to hold 8 plenaries on the focal theme, 'Emerging Interfaces of Social Science and Public Policy in India' during the XXXIX Indian Social Science. There will be three eminent scholars representing three subjects making substantive presentation in each plenary and two discussants. Each plenary, therefore, will be multidisciplinary.

Following are the tentative themes of the plenaries on the focal theme:

1. **Public Policies of Democratic Development of All: A Historical View/or Perspective/National Goals of Democratic Transformation And Public Policies In Post-Colonial India/A Critical Review of Public Policies in Democratic Republic of India**
2. **Economic Policies And Economic Development in Post-Colonial India**
3. **Science And Technology Policy And Development And Utilization of Indigenous S&T For National Goals of Self-Reliant And Equitable Growth**
4. **Agricultural Policy, Agricultural Science And Agrarian Development/or Crisis**
5. **Education Policy And Schools, Colleges And Universities in Post-Colonial India**
6. **Impact of Policy of Privatisation And Globalisation on Indian Economy, Education, Health And Culture**
7. **Health Policy, Medical And Health Education System and Peoples Health**
8. **Policy of Social Justice, Judicial System And Social Justice Today**
9. **Correlating Constitutional Goals of Equality, Freedom and Fraternity With The Ground Social Reality**
10. **Ecological And Environmental Policy and Ecological And Environmental Crisis**
11. **Policy of Non-Violence and Growing Violence in Post-Colonial India**
12. **Evolving Strategy For Greater Role of Social Science In Formulation of National Policies of Democratic Development**

IV RESEARCH COMMITTEES

There are 19 Research Committees representing 32 disciplines of science of Nature-Humans-Society in the XXXIX Indian Social Science Congress. Each discipline shall deliberate (a) upon the interface and connections between Public Policy and the scientific knowledge being produced within it and (b) current research and theory. Each Research Committee has a chairman, a co-chairman, a convener, a co-convener and 15-20 members from all over India. (See pp 23-28 for details) Each RC is expected to plan its academic issues that it thinks are relevant and of high social and scientific significance.

Some Public Policies have been listed for each of the 19 Research Committees tentatively. The same are given below:

1. AGRICULTURAL SCIENCE AND HOME SCIENCE RESEARCH COMMITTEE

- Agricultural Policy, Agricultural Science And Agrarian Problems/Crisis
- Land Policy And Agriculture
- Water Policy And Agriculture
- GM Crops And Foods
- Agriculture Cost Policy
- Comparative Analysis of Agriculture Vs Industrial Policy
- Impact of Chemical Fertilizer and Pesticides on Food and Health
- Farmers suicides and Agricultural Policy
- Agri-Climate, Multi-Agricultural Business
- Science of Organic Farming

2. ARCHAEOLOGY, HISTORY AND ANTHROPOLOGY RESEARCH COMMITTEE

- Historical view of Public Policy since the British Rule
- Valuation of Archaeological Excavations
- Historiography And Politics of History
- Museum Policy
- Interface of Art And Culture
-

FOR ANTHROPOLOGY RESEARCH COMMITTEE

- Interface of Archaeology, History and Anthropology
- Anthropological Survey of India and its Policy of Man And Society
- Connection Between Physical And Social Anthropology
- Policy of preservation and problems of well-being of Indigenous People/Tribes

- Policy of Dispossession and Rehabilitation of Indigenous Peoples/Tribes (Scheduled Tribes Policy)
- Policy of Modernization of Indigenous Peoples/Tribes
- Extinction of Indigenous People and Their languages

3. BIOLOGICAL/LIFE SCIENCE AND BIOTECHNOLOGY RESEARCH COMMITTEE

- Interfaces of Biological/Life Science (Biophysics, Bio-chemistry, Organic Chemistry, Eco-biology, socio-biology, Bio-psychology) etc.
- Foundations of Biological, Genesis, Evolution and growth of life.
- Biological Warfare
- Interfaces of Biotechnology
- Biomedical Engineering
- Indigenous knowledge of Medicinal Plants and Health Policy
- Ethno Botany, Ancient Science of Medicinal Plants And Health Policy
- Genome and Human Genetic Policy
- Policy for preservation of life on Planet Earth – Western Ghats And Himalayas

4. COMPUTER SCIENCE AND COMMUNICATION SCIENCE

- Interfaces of Computer Science and Communication Science
- Implication of Digital Policy
- Virtual World Vs Real World
- IT and Language
- IT and Education
- IT and Economy
- IT and Culture
- IT and Violence

5. EARTH SCIENCE, PLANETARY SCIENCE AND GEOGRAPHY RESEARCH COMMITTEE

- Interface of Earth, Planetary and Geographical Science
- Policy For Preservation Life Supporting System
- Global Warming And Climate Change
- Deforestation, Mining and Desertification
- Natural Disaster Management Policy
- Policy For Arresting Desertification of Earth
- Atmospheric Science And Oceanic Science
- Marine Science And Ocean Policy

6. ECOLOGICAL AND ENVIRONMENTAL RESEARCH COMMITTEE

- Interface of Ecological And Environmental Science and Sustainable Development
- Waste-Management Policy
- Public Policy on Ecology and Environment
- Ecological Policy for Preservation of Western Ghats and Himalayas
- Impact of Green Technology Policy on Ecology and Environment
- Natural Resources And Biodiversity
- Preservation of Wild Life And other Species

7. ECONOMICS, COMMERCE AND MANAGEMENT SCIENCE RESEARCH COMMITTEE

- Interfaces of Economics, Commerce and Management Science
- Current Research and Theory of Economic Development
- Capital-intensive Vs Labour Intensive Economic Development
- Foreign Direct Investment
- Distribution of Wealth
- Labour Policy And Labour Employment
- Growth with Job Vs Jobless Growth Policy
- Self-Reliance Vs Import-led Development Policy
- Economic Policies and Industrial Development
- Industrial Policy
- Rural Development Policy

- Special Economic Zone Policy
- Urban Development Policy
- Indian Economy And Its People
- Policy of Equality and Growing Disparity
- Neo-liberal Policies And Economic Development Programmes Make-In-India Policy
- Poverty Alleviation Policies, Programmes And growing Poverty, And Unemployment; Global Economic Crisis and WTO

8. EDUCATION RESEARCH COMMITTEE

- Interfaces of Education
- Education Policy in Democratic Republic of India
- Universalization of Education
- Education for All And Status of Literacy
- School Education Policy And Standards of School Education
- Connection between School Education and University Education
- Language Policy of Education and Research
- Policy For publication of Researches in Indian languages
- Policy for Science Education
- Policy For Medical Science Education
- Policy For University Education
- Policy for Technology Education
- Policy For Skill Generation Education
- Distance And Open Education
- Promotion of Tests and Coaching Institutes
- Policy For Contract Teachers and Policy of Keeping the posts vacant

9. ENGINEERING SCIENCE AND TECHNOLOGY RESEARCH COMMITTEE

- Technology Policy and Technology Development
- Impact of Brain Drain on growth of Indigenous S&T
- Interfaces of Engineering Science and Technology
- Development and utilization of Indigenous Technology
- Impact of Policy on development and utilization of indigenous Technology and Engineering Science
- Status of utilization of Technological Management
- Technology Import Policy And Its impact on growth of Indigenous Technology

10. INTERNATIONAL RELATION STUDIES AND DEFENCE & STRATEGIC STUDIES RESEARCH COMMITTEE

- Interfaces of International Studies, Defence & Strategic Studies
- Correlation Between Domestic Policy and Foreign Policy
- UN Security Council
- Non-Alignment And After
- SARRC
- BRICS
- India's East Policy
- India-Pak-China Policy
- Policy with Neighbours
- Internecine War
- Post-Cold War Policy
-

11. JURIDICAL SCIENCE RESEARCH COMMITTEE

- Land Laws
- Constitution of India And Legislation
- Interfaces of Juridical Science
- From Colonial Jurisprudence to Democratic Jurisprudence
- Social Conflicts, Violence and Social Justice
- Juridical Accountability

- Criminal Laws And Capital Punishment
- Labour Laws
- Social Justice And Social Conflicts

12. LINGUISTICS RESEARCH COMMITTEE

- Interface of Linguistics
- Language Policy and Language Development
- Education And Research in Indian Languages
- Commerce and Language
- Culture and Language
- Extinction of Indian Languages
- Vanishing Languages And Vanishing Culture
- Social hierarchy/Social Stratification As Reflected in the Language
- To Plan Language is To Plan A Society: Contribution to Language management and Planning.

13. MATHEMATICAL AND STATISTICAL SCIENCE RESEARCH COMMITTEE

- Policy For Mathematical Science Education
- Interfaces of Mathematical and Statistical Science
- Education and Research in Mathematical and Statistical Science
- Socio-Economic Use of Statistical Knowledge
- Preventing misapplication and misuse of statistics

14. MEDICAL AND HEALTH SCIENCE RESEARCH COMMITTEE

- Interfaces of Medical and Health Science
- Bio-medical Science
- AYUSH And Medical Science
- Social Medicine and Community Health
- Health Policy and Medical and Health Science
- Population Policy and Medical and Health Science
- Drug Policy And Drug Industries
- Commercialization of Medical Science Education

15. PHILOSOPHY RESEARCH COMMITTEE

- Philosophy and Its Interface with Science
- Philosophy And Science/Social Science
- Epistemological Question of Science
- Ethical and Moral Foundation of Society vis-à-vis Public Policy
- Philosophy of Public Policy in Democratic Republic of India
- Philosophy of Humanities Vs Science

16. PHYSICAL AND CHEMICAL SCIENCE RESEARCH COMMITTEE

- Interfaces of Physical Science
- Interfaces of Chemical Science
- Science Policy and Physical and Chemical Science
- Nuclear Policy and Physical and Chemical Science
- Energy Policy and Physical and Chemical Science
- Impact of Physical and Chemical Science on Peoples' Health and Environment
- Connection of Physics and Chemistry with other Subjects of Science

17. POLITICAL SCIENCE

- Interfaces of Political Science with Economics, Sociology, History, Psychology etc
- Politics of Economic Development
- Politics of Public Policy
- Nature of Politics in Democratic Republic of India
- Political Parties and Their Policies
- State, Society and People
- Politics of Violence and Terrorism
- Politics Vs Science

18. PSYCHOLOGY RESEARCH COMMITTEE

- Interfaces of Psychology with Physics, Biology, Medical & Health Science, Economics, Sociology, Anthropology, Linguistics, Political Science, Archaeology, History, Geography, Earth Science etc.
- Socialization and Cognition
- Mental Health
- Peoples Needs And National Policy
- Psychology of Colonized Minds Vs Psychology of Free or Decolonized Minds

19. SOCIOLOGY AND SOCIAL WORK RESEARCH COMMITTEE

- Interfaces of Sociology & Social Work
- Sociology of Knowledge
- Sociology of Politics And Economy
- Sociology of Science
- Sociology of Technology
- Sociology of Family, Community, Society and State
- Sociology of Language
- Application of Sociology for Betterment of Social Reform

V INTERDISCIPLINARY THEMATIC PANEL

There are 21 interdisciplinary Thematic Panels in the XXXIX Indian Social Science Congress. Each Thematic Panel is about some vital social problems, resolution of which demands application of high order of scientific knowledge. Each science subject does address to these in one way or other. What is expected is the integrate of such scientific knowledge across various subjects. Research scientists of diverse disciplines together with the policy planners, social thinkers and social activists and administrators are welcome to exchange their thoughts in order to evolve a coherent theory and method capable of solving the given problem if put to use honestly and sincerely. These Panels are as follows:

1. **Conflicts, War, Peace and Social Security**
2. **Democracy And Human Rights**
3. **Ecological and Environmental Protection Movements**
4. **Ethics of Science and Society**
5. **Global Warming and Climate Change**
6. **History and Philosophy of Science**
7. **Information Technology, Mass Media and Culture**
8. **Labour in Organized and Unorganized Sectors**
9. **Nation, States and Emerging Challenges**
10. **Natural Resources, Bio-diversity and Geographic Information System**
11. **Patent Laws and Intellectual Property Rights**
12. **Peasants, Livelihood and Land-use**
13. **People (Dalits, Tribes, Women, Peasants, etc) Struggles And Movements For Equitable Democratic Society**
14. **Peoples Health and Quality of Life**
15. **Political Economy of India**
16. **Population, Poverty and Migration**
17. **Rural Technology, Social Organisations and Rural Development**
18. **Science Communication and Science Popularization**
19. **Science, Technology and Social Development**
20. **Social Processes, Social Structures and Social Alienation**
21. **Unity of Science /Science of Nature-Humans-Society**

VII SEMINARS/SYMPOSIA/WORKSHOPS/COLLOQUIA

It is proposed to organize a series of seminars/symposia./workshops/colloquia on following issues prior to, during and after XXXIX Indian Social Science Congress in order to evolve a comprehensive knowledge on 'Emerging Interfaces of Social Science and Public Policy in India'. These are as follows:

(i) INTERNATIONAL

- (i) Social Interfaces of Biotechnology and Public Policy
- (ii) Interfaces of Social Science and Public Policy
- (iii) Global Economic Crisis

(ii) NATIONAL

- (i) Social Science In India: Current Research, Theory And Public Policy
- (ii) Indian Economy and Its Peoples Today
- (iii) Linking Traditional/Ancient Science with Modern Science
- (iv) Social Implications of GM Crops/Foods
- (v) Language of Education And Research: English Vs Indian Languages
- (vi) Make-In-India Policy And Its Implications
- (vii) Impact of Contract Teaching on Education And Research
- (viii) Agrarian Crisis And Agricultural Policy
- (ix) Evolving New Approach To Energy For Sustainable Economic Growth
- (x) Interactive Workshop on Drug Policy, Health Policy And Drug Industry
- (xi) Ecological Sustainability of Smart City Policy

(III) SPECIAL SYMPOSIUM THEME

Indian Academy of Social Sciences and Mangalore University shall hold following two interdisciplinary special symposium having great relevance to the people of Karnataka in particular and India as a whole.

- I. Karnataka And Its People Today
- II. Conservation of Western Ghats

One is welcome to submit papers for any of these as per his/her deeper concern. Also, universities, colleges and Research Institutes inclined to collaborate are requested to write to the General Secretary of the Indian Academy of Social Sciences or the Organizing Secretary, XXXIX ISSC, Mangalore University.

VIII SPECIAL/PUBLIC LECTURES

Eminent scientists, policy planners and social activists shall be delivering special/public lectures during the 39th Indian Social Science Congress.

IX INTERDISCIPLINARY RESEARCH METHOD WORKSHOP FOR YOUNG SCIENTISTS

ISSA has resolved to start organization of Interdisciplinary Research Method Workshop for capacity building in young research students and teachers with effect from the 39th Indian Social Science Congress. The workshop will provide opportunity to young scientists to interact with senior scientists of diverse subjects in order to acquire better comprehension of interdisciplinary research methods. All those who are registered for M. Phil, Ph.D and the young teachers are welcome to contact the following for further details:

Dr. Sandeep Narula,

Convener
Interdisciplinary Research Method Workshop
XXXIX Indian Social Science Congress
Associate Professor
Care : IIHMR University,
1, Prabhu Dayal Marg
Sanganer Airport, Jaipur 302029
(Rajasthan)
Email: sandeep@iihmr.edu.in
M: 08058760911

X FIFTH ALL INDIA YOUNG SCIENTISTS CONVENTION

It is proposed to hold Fifth All India Young Scientists Convention during the 39th Indian Social Science Congress. The Convention shall, among other issues, deliberate upon the following:

- I. Interdisciplinary Workshop on Research Methods and Theories
- II. Impact of Contract Teaching On Growth of Young Scientists
- III. Young Scientists' Thoughts on Linkages Between Science And Public Policy
- IV. Young Scientists' Perception of Nature of Research Guidance in Universities, Colleges and Research Institutes
- V. Problems of Placement of Young Scientists
- VI. Young Scientists' Thoughts on National Eligibility and Other Tests.
- VII. Young Scientists' Thoughts on Language of Research and Education: English Vs Indian

All young scientists engaged in research and teaching are cordially invited to submit papers and participate in the Convention.

Following can be contacted for further details:

Please write to the following for further details:

Prof. N. Sambasiva Rao (Chairman)
Joint Secretary
Indian Academy of Social Sciences

XI EXHIBITION

It is proposed to organize an exhibition depicting art, culture, creativity, innovations, ecological and environmental conditions of people of Karnataka and neighboring States like Kerala, Maharashtra, Telengana, Andhra Pradesh and Tamil Nadu. Books, Journals and posters too will be welcome. All those who wish to put up their artifacts are welcome to contact the following:

Prof. Rajaram Tolpadi
Local Organizing Secretary
XXXIX Indian Social Science Congress
Department of Political Science
Mangalore University,
Mangalore 574 199
Email: rtolpadi@gmail.com, Website: mangaloreuniversity.ac.in
M: 08971482187

XII TASK FORCE

A Task Force constituted by the Executive Council shall deliberate upon deliberations of the XXXIX Indian Social Science Congress in post-dinner session in order to discover newer ideas, theories and methods having relevance to Science and Society and shall submit its report to the General Assembly of delegates on December 5, 2015 at 1430 hour for discussion and adoption.

XIII SUBMISSION OF PAPERS

Research or review-based papers by all those who are doing research in universities, colleges, research institutes of DST, CSIR, ICMR, ICSSR, ICHR, ICPR, AIIMs, PGIs, Medical and Health Science, universities and colleges, R&D organizations, etc are invited for presentation at XXXIX Indian Social Science Congress. Policy planners, social activists, social thinkers and public administrators too are welcome to submit their papers and participate in the Indian Social Science Congress. Industries too are welcome to present their thoughts and experience on public policy vis-à-vis indigenous Science and Technology.

All papers should be typed on A-4 size in 10 font. Maximum length of a paper can be 7000 words or 30 typed pages. Its abstract stating hypothesis, method and results should be within 500 words. Each paper is to be accompanied by a duly signed 'Declaration Form' given in the Annexure stating that the paper is based on the author's original works and has not been copied from any source and that it has neither been presented anywhere nor submitted for publication or presentation anywhere.

XIV MEDIUM

Hindi and English are the official language of Indian Social Science Congress. So papers can be submitted either in Hindi or in English. Papers in any other Indian language too can be submitted along with its translation in Hindi or English. ISSA wishes to have all Indian languages as the official medium of ISSC. However, it doesn't have the necessary resources for the same till date.

XV LAST DATES

Last dates for submission of papers are as follows:

1. Last date for submission of abstract of Papers: October 15, 2015
2. Last date for submission of full paper: November 02, 2015

Papers will be received even after the last date. But no paper shall be received after November 30, 2015. Papers received after November 02, 2015 shall be printed only after the XXXIX Indian Social Science Congress is over.

XVI GOLD MEDALS

Dr. A.K. Tharien Gold Medal and Prof. B.V. Rangarao Gold Medal will be awarded for the best papers presented at XXXIX Indian Social Science Congress. However, these awards will be given at next Indian Social Science Congress.

XVII REGISTRATION

All those who wish to present their research papers at XXXIX Indian Social Science Congress are required to get themselves registered by paying the stipulated registration fee. Details of registration fee are as follows:

CATEGORY	Up to November 15, 2015	From November 16, 2015
1. Member Delegate	Rs. 3,000.00	Rs. 3,500.00
2. Non-Member Delegate	Rs. 4,000.00	Rs. 4,500.00
3. Institutional Member Delegates (upto three persons)	Rs. 10,000.00	Rs. 12,000.00
4. Non Member Institutional Delegates (upto three persons)	Rs. 15,000.00	Rs. 18,000.00
5. Member Student Delegates	Rs. 2,000.00	Rs. 2,500.00
6. Non-Member Student Delegate	Rs. 2,500.00	Rs. 3,000.00
7. Local Delegate	Rs. 2,500.00	Rs. 3,000.00
8. Foreign Delegates		
(a) From Afro-Asian-Latin American countries	Rs. 5,000.00	Rs. 6,000.00
(b) From other countries (North America And Europe)	US \$ 500.00	US \$ 600.00
9. Accompanying Persons*		
(i) Indian	Rs. 2,000.00	Rs. 2,500.00
(ii) Afro-Asian-Latin American countries	Rs. 2,500.00	
(iii) Other Foreign countries (North America And Europe)	US \$ 200.00	

**The word 'accompanying person' means wife or husband or child. A child below the age of 6 years shall not be charged for food. Co-authors of paper will not be treated as accompany persons*

One who is not a member but wishes to become member of the Indian Academy of Social Sciences can send the membership fee and the registration fee meant for member-delegate along with filled-in membership and registration forms.

An institution/organization can depute its three or more representatives to the Indian Social Science Congress. In the event of more than three representatives, the cost of registration for individual delegate (member or non-member) shall be payable by the concerned institution/organization.

Unregistered scholars attending XXXIX Indian Social Science Congress shall be required to buy the food coupon from the counter. **No certificate shall be issued to unregistered scholars or scholars who have registered without submitting any papers. No one will be entitled to receive literature of XXXIX ISSC without registration.**

The Registered delegate is entitled to receive kitbags, all publications of the XXXIX Indian Social Science Congress including its proceedings free of cost, free hostel accommodation, free meals, and free transport from the Guest/Hostel to the venue of XXXIX ISSC. The Organizing Committee may provide free or on payment transport from the railway station/airport to the Guest House/Hostel depending upon its resources. However, delegates staying in hotels or on their own shall not be entitled for free transport. Local registered delegates will be entitled for kitbags, free lunch, day tea/coffee and banquets only. Free Breakfast, lunch, day tea and dinner will be available to registered delegates with effect from evening of November 30, 2015 to the evening of December 05 2015 only.

The registration fee should be sent to the Member Secretary, Indian Academy of Social Sciences by an account payee DD in favour of Indian Academy of Social Sciences payable at Allahabad under registered cover. Outstation cheque or money order will not be entertained. Multicity cheques will be accepted.

Although on the spot registration will be made, yet the Organizing Committee is not bound to provide hostel accommodation to such outstation delegates if the accommodation is not available.

It is, therefore, advisable to get registered within the stipulated time in order to avoid last minutes inconvenience.

The invited scholars and members of the Executive Council, NAAC, Organizing Committee, Research Committees, Thematic Panels, Task Force and other bodies and special invitees are advised to pay the registration fee within the stipulated period and act in accordance with advice by the General Secretary, Indian Academy of Social Sciences. None is exempted from registration fee. Registration is necessary for enabling the Organizing Committee to arrange accommodation and food for all.

Timely registration and intimation of need for accommodation will facilitate planning for food and accommodation.

Refund of the registration fee will be made after deducting 40% as the service charges if the request for it is received before November 25, 2015. Literature of the XXXIX ISSC, however, shall not be supplied in such cases. Those who have registered but are not able to attend the XXXIX ISSC because of unavoidable reasons would be supplied all the publications if their request for refund is not received within the stipulated date or if they do not wish refund.

In the event of more than one author of a paper, all will be required to pay the registration fee individually. Co-author of a paper shall not be treated as accompanying person.

XVIII MEMBERSHIP

Indian Social Science Congress is open to ISSA members as well non-members. Those who wish to become members of ISSA are advised to post their membership fee along with filled-in membership form to the General Secretary. Such new members shall be eligible for concession in registration fee of XXXIX ISSC.

XIX TRAVEL SUPPORT

All the scholars working in universities, colleges, research institutes, laboratories and R&D organizations shall be expected to seek travel and registration support from their respective organizations. Those who are retired or do not enjoy any institutional support are advised to write to the General Secretary, Indian Academy of Social Sciences before October 15, 2015. All research students in receipt of UGC/CSIR/ICSSR/ICHR/ICPR Fellowships shall meet their travel and registration fee from their contingency grants. Such research students who are not receiving any fellowship are advised to write to the General Secretary along with 'bonafide' and 'non-receipt of Fellowship' from their Registrar. Partial or full support will be provided on availability of fund. All Plenary speakers, Chairpersons/Conveners not having institutional support are advised to inform the General Secretary at the earliest.

All requests for travel support will be considered by the appropriate committee and decision will be communicated by November 15, 2015.

No one without paper and without prior commitment by the General Secretary in writing shall be entitled for travel support and on the spot payment of the TA bill is subject to receipt of UGC Grant before November 30, 2015 by Mangalore University.

XX STRUCTURE OF PROGRAMMES

Programmes of XXXIX Indian Social Science Congress will be structured in following manner:

<u>TIME</u>	<u>SESSIONS</u>
0900-1300	Plenaries on Focal Theme
1300-1400	LUNCH
1400-1700	<u>PARALLEL SESSIONS</u> (i) 19 Research Committees (ii) 21 Thematic Panels (iii) Interdisciplinary Seminars/Symposia/Workshops/Colloquia (iv) Young Scientists Meeting
1700-1900	SPECIAL/PUBLIC LECTURE Annual Meeting of the General House
1900-2000	CULTURAL PROGRAMME
2000-2100	DINNER
2100-2300	TASK FORCE MEETING Young Scientists Meeting Ad Hoc Group Discussions Delegates Interactive Meeting

An outline of the Programmes is given on the cover page (Inside).

Actual Programmes will be available to all registered delegates from the Registration Counter with effect from November 30, 2015 afternoon at Mangalore University.

XXI BOARDING AND LODGING

All registered outstation delegates shall be provided free accommodation, transport, food with effect from November 30, 2015 evening to December 05, 2015 evening.

Of those registered delegates who wish to stay in hotels, are advised to make their own arrangements for transport from hotels to the venue of the Congress. The Organizing Committee shall not be involved in dealing with hotels. Also, there will not be any concession in the registration fee.

All the registered delegates wishing to avail free hostel/Guest House accommodation are advised to mail the filled-in Accommodation and Food Form and Travel Form to the Local Organizing Secretary before November 20, 2015.

Allotment of accommodation will be put on Mangalore University's website: www.mangaloreuniversity.ac.in by November 25, 2015.

XXII RECEPTION

The Organizing Committee shall make arrangement of reception and transport of registered delegates at Mangalore airport and Mangalore Railway Station. All the registered delegates are requested to mail the filled 'Travel Form' to the Local Organizing Secretary intimating him their travel details before November 25, 2015. Mangalore University is about 40 Km away from Mangalore Airport and 20 Km away from Mangalore Central Railway Station. There will be volunteers with banners posted at airport and railway station.

XXIII SIGHT SEEING

Mangalore and its surroundings treasures of history, art, culture and ecology. Those coming from north India or abroad should see these places. The Organizing Committee shall make arrangement for visit to these places on Nov 30 and December 6, 2015. All those who wish to avail the opportunity should write to the Local Organizing Secretary well in advance.

XXIV CERTIFICATE

Certificates will be available from the registration counter with effect from December 5, 2015 morning. All the registered delegates are advised to submit a 'Self-Appraisal Report' to the registration counter. Although all are expected to stay on for the whole duration of ISSC, yet those who have to leave because of some urgency, are advised to inform the registration counter the date and time of their departure along with their mailing addresses.

XV WHOM TO CONTACT?

Please mail your paper, membership, registration to the following:

Dr. N.P. Chaubey
General Secretary
Indian Academy of Social Sciences
5, Iswar Saran Ashram Campus
Allahabad 211004
Tel: (R) 0532-2544570, (O) 0532-2544245
E-mail: issaald@gmail.com
Website: www.issaindia.in

Please mail Food and Accommodation Form and Arrival/Departure Form as well inquiry about sight seeing to the following:

Prof. Rajaram Tolpadi
Local Organizing Secretary
XXXIX Indian Social Science Congress
Department of Political Science
Mangalore University,
Mangalore 574 199
Email: rtolpadi@gmail.com, Website: www.mangaloreuniversity.ac.in
M: 08971482187

Please write about Fifth All India Young Scientists Convention to the following.

1. Prof. N. Sambasiva Rao (Chairman)
Joint Secretary
Indian Academy of Social Sciences
Care: Department of Commerce and
Management Studies
College of Arts and Commerce
Andhra University, Visakhapatnam
Email: aussc2015@gmail.com
M: 09848170274

2. Dr. Kali Chittibabu (Convener)
C/o Dr. K. Syamaladevi
D no-314-a, Sec 7,
Steel Plant
Visakhapatnam 530032
Email: chitti4479@gmail.com
M: 09441455937

Please mail your Registration Form seeking participation in the Interdisciplinary Research Method Workshop to the following:

Dr. Sandeep Narula,

Associate Professor
Convener
Interdisciplinary Research Method Workshop
Indian Academy of Social Sciences
Care : IIHMR University,
1, Prabhu Dayal Marg
Sanganer Airport, Jaipur 302029
(Rajasthan)
Email: sandeep@iihmr.edu.in
M: 08058760911

You are welcome to correspond with chairpersons/co-chairpersons/convener/co-convener of 19 Research Committees, 21 Thematic Panels and numerous international/national seminars/symposia/workshop/colloquia. Their names, addresses, etc are given on pp 23-36. General Secretary and the Local Organizing Secretary shall always be available to you.

Please visit our websites for further information:

ISSA: Website: www.issaindia.in

Mangalore University: Website: www.mangaloreuniversity.ac.in

XXXIX INDIAN SOCIAL SCIENCE CONGRESS

A NOTE ON THE FOCAL THEME

EMERGING INTER-FACES OF SOCIAL SCIENCE AND PUBLIC POLICY IN INDIA

^{9*} 0100 PREAMBLE

Indian Academy of Social Sciences (ISSA) in association with Mangalore University shall focus the deliberations of XXXIX Indian Social Science Congress in December 1-5, 2015 on **Emerging Interfaces of Social Science and Public Policy in India** with a view to improving the scientific base of Public Policies capable of improving the quality of life of People of India, their socio-cultural relations and friendly relations with Nature.

0200 EMERGING INTER-FACES

The last few decades have seen a significant shift that has taken place in the manner of knowledge creation. This shift clearly indicates that there has been a narrowing of boundaries of disciplines and a greater amount of networking among sciences both in terms of theory and method with a view to solving significant human and social problems faced by the present day world and, also in preparing it better for the future. Indian scientists, though, still have to warm up to the idea of trans- disciplinary in sciences. This is particularly true in social science research and teaching. Keeping this in view, the focus of the 39th Indian Social Science Congress will be to deliberate on taking stock of the social science knowledge that is getting created at the various inter-faces of social sciences and to consider how the same can be put to use in framing of public policy.

There is a perceptible divide between those who generate social science knowledge and makers of public policy in India. Very little social science knowledge has informed the formulation of public policy, except, some that has been generated by economists. It is also found that policies are reversed or changed without any sound reason. This clearly shows that public policies are either ideologically driven or are based on populism. They lack the foundational base that can be provided by the social science knowledge. Despite, a large number of policy initiatives that have been taken in the last sixty seven years to eradicate poverty and hunger, India continues to have the highest absolute number of poor and hungry. The country also tops in having the highest number of malnourished children in the world. Food security continues to stare us in the face. Infant mortality may have come down but it remains ten times higher compared to OECD average. It also has an unacceptable number of illiterates, particularly, women. India's record with respect to taking steps in relation to sustainable development and preservation of human environment is also nothing to shout about. Depletion of natural resources today is a big concern. Forest covers have rapidly dwindled and Himalayan glaciers have been continuously melting. Sanitation, hygiene and clean drinking water are of big concern throughout India. There is tall talk about the importance of development of the social sector, but the status of Education, both school and college level education is abysmal according to most reports. Public health too is in a very poor state. Although, India aspires to be counted among the powerful countries of the world, it faces challenges to keep the country integrated. There is unacceptable level of violence involving religious and ethnic groups along with political and gender violence. We have failed to ask some basic questions related to democracy, freedom, and equality, The policies of the governments are either absent or have failed because they are framed in the absence of requisite data and do not take into account the human and social sides of the problem. It is for this reason that problems which were there at the time of independence, such as, of poverty and unemployment, illiteracy, health, social exclusion, communalism and violence, gender inequality etc., are still looming large. High population growth rate is put forward as a reason for India's problem but it explains such problems only partially. It is also surprising that the Government of India does not show the same concern with its rising population as it once did.

Indian Academy of Social Sciences (ISSA), therefore, calls upon our scientists of all subjects to take a fresh look at the new knowledge that is getting created within social sciences and knowledge which is being created at the emerging inter-faces between social and human, natural and biological sciences; similarly also, between social sciences and technologies. It would like to consider how such knowledge is qualitatively different from intra-disciplinary knowledge and how it can feed into informing and in framing of the public policies. It is also suggested that we may also deliberate on politics of knowledge used by scientists, policy makers, and those who are given the responsibility to translate it on the ground. It expects that such deliberations will draw not only from statistical data and knowledge generated by empirical studies but also from theories within and across disciplines. It further expects that the deliberations will raise substantive issues which can contribute in the formulation of alternative paradigms of development and of improving the quality of life of the Indian people. ISSA also hopes that the deliberations will

enable us to make recommendations about the facilitative public policies that can bring about development of India's human, social, political and moral capital. A positive fall out of such deliberations may be a demand for radical restructuring of social sciences which, at present are divided by narrow boundaries, and, are mostly in the service of their political and corporate masters. ISSA expects that the deliberations of the Social Science Congress will prepare social scientists to harness knowledge emerging at the various inter-faces of science to develop a futures programme in order to prepare humankind for dealing effectively with humanitarian crises that are almost imminent.

The Programme of the 39th Indian Social Science Congress will consist of symposia organized by different research committees around this theme. Plenary lectures on the theme will be given by invited speakers. We also expect various Research Committees to focus on the emerging inter-faces in their research discipline and to deliberate on what new knowledge has gotten created which can be put to use to improve the quality of lives of humans and also to save our green planet from ruination. Some of the major issues that the 39th ISSC will like to focus upon are given below. Our attempt will be to understand the role that is played, and can be possibly played, by institutional, economic, political, social, cultural and psychological factors in designing of public policies and interventions. The issues that get raised in this connection are--

- (i) Where and how conventional policies fall short? Why are rational choices so difficult to make?
- (ii) How can trans-disciplinary research be used to bridge the gap between science and policy? What can be done to develop interacting policy cultures?
- (iii) How can we better understand the use of scarce natural resources and global change; the role that is played by institutional, political, social, cultural and psychological factors in the use of different sources of renewable energy and natural resources?
- (iv) How can we better manage geo-hazards (e.g., earthquakes, floods, tsunamis, landslides and other disasters)?
- (v) Based on integrated and multidisciplinary research what new issues related to physical and mental health are raised and what new public health policy needs to be put in place?
- (vi) What is our understanding related to global and local conflict and violence? What new strategies of peace building can be considered?
- (vii) What are the emerging challenges of educational development, knowledge creation and development of human potential in the digital age in developing societies, particularly in India?
- (viii) How can we address issues related to erosion of values and ethics and raise overall moral, emotional, and social capitals of communities?
- (ix) What new knowledge is available in relation to inequalities and exclusion? How can it be used to enhance social justice?
- (x) What has been the impact of new media on society and in bringing about social, political and cultural change?
- (xi) What structural conditions keep the humankind un-free? How can its overall freedom be enhanced? As has been the practice, a Task Force will be entrusted with the responsibility to develop actionable steps that can be taken by the scientists, civil society and the state to bring about desirable changes at different levels.

0300 PUBLIC POLICY

Any scientific inquiry into Public Policy and its effects raises hosts of questions. What does public policy mean? Who makes public policy how, for what and for whom? What is the connection between politics and public policy? What is the connection between peoples needs of survival, growth and the public policy? Is there scientific social theory behind every public policy? Has public policy enabled modern people of India to overcome their problems of hunger, poverty, undernourishment/ malnourished, unemployment, education, health, livelihood, conflicts and violence, discrimination and disparities etc. etc. How has science/social science influenced Public Policy? All these and many more questions ought to be addressed while trying to comprehend the scientific foundation of public policy and evolve appropriate strategy for appropriate strategy for utilization of scientific knowledge for improving formulation and effectiveness of Public Policy. While doing so one also ought to keep the historicity of public policy in view. For instance, public policy in British India and public policy in Democratic Republic of India may not mean the same and may have mutuality opposite goals.

Public policy by the British Government in India as is well known was designed to serve the British interest of plunder, loot, exploitation. This cannot be and ought not be so in Democratic Republic of India.

The word '**public**' in '**public policy**', though ambiguous, is very attractive as it seem to refer to all those of a given society/country/nation. In science it is well known that every modern society/country/nation has diverse groups of peoples forming ethnic, caste, class, creed, language and regional divisions. This is well reflected in

several public policies in Democratic Republic of India. For instance, policies for scheduled castes, scheduled Tribes, Backward caste/class, women, etc.

'Policy' means an approach to or strategy for seeking solution of the given problem. Public policy, therefore, means a statement outlining approach to specific or general problem of the people and seeking its solution within the shortest period of time. This meaning will change with change in nature of problems and nature of State.

In democracy, the character of public policy, one would expect, is rooted in democratic principles of sovereignty, equality, freedom and fraternity. Peoples being sovereigns in Democratic Polity, would be expected to formulate their policies of social existence and development in harmony with Nature. Question to ponder is: Do people of India formulate and act upon so-called public policies? If not, the character of Public Policy may turn out to be authoritarian with little connection with the peoples needs. If so, the public policy may have double meaning. Apparently it may mean one thing and in reality it may have a different agenda. For example, the Government of Democratic Republic of India under the Prime Minister of Pandit Jawaharlal Nehru launched Five-Year Plan in 1951 with a promise to remove the British-Born poverty, unemployment, exploitation, etc through distribution of wealth and land and by ensuring that rich shall not become richer and poor shall not become poorer henceforth. Parliament passed a scientific policy resolution 1958 assigning this role to scientists. Results of the Two Five Year Plans, however, did not confirm Nehru's promise. Rich became richer and poor went on becoming poorer. This went on despite MRTPC Act and several other policy injections. Today Indian elite is proud of producing 102 or 103 billionaires at the cost of nearly 100 crores hungry, poor and unemployed Indians. Contrary to the public pronouncement of **'Land to the Tiller and 'Dhan aur Dharti Bant Ke Rahegi' (Wealth and Land shall be distributed) British Land and Forest Laws of 1892** were retained and are all still being hotly pursued by the Democratic Governments in India. Similarly, all public policies for removal of unemployment, poverty, hunger, illiteracy, disease and injustice ended up by increasing the same. Question is: Why?

Quite a large number of public policies have been announced and put to action since August 15, 1947. All these can be put into following categories:

1. Science and Technology Policy
2. Education And Cultural Policy
3. Economic Policy
4. Land Policy
5. Forest, Bio-diversity, Mines Policy
6. Health Policy
7. Population Policy
8. Housing Policy
9. Privatisation, Liberalisation and Globalization Policy
10. Self-Reliance and Import-Substitute Policy
11. Foreign Direct Investment Policy
12. Public Private Partnership (PPP) Policy
13. Make-In-India Policy
14. MNREGA
15. Digital India Policy
16. Agricultural Policy
17. Protective Discrimination Policy for Scheduled Castes, Scheduled Tribes and Backward and other castes/class
18. Child and Mother Care Policy (ICDS)
19. Women Policy
20. Policy of Rehabilitation after dispossession
21. Disaster Management Policy
22. Smart City Policy
23. Policies in the names of Prime Ministers

All these need in-depth scientific inquiry during the XXXIX Indian Social Science Congress.

0400 TENTATIVE SUB-THEMES

Following tentative sub-themes are suggested for deliberations in Plenaries during the XXXIX Indian Social Science Congress:

1. Public Policies of Democratic Development of All: A Historical View/or Perspective
Or
National Goals of Democratic Transformation And Public Policies In Post-Colonial India
Or
A Critical Review of Public Policies in Democratic Republic of India
2. Economic Policies And Economic Development in Post-Colonial India
3. Science And Technology Policy And Development And Utilization of Indigenous S&T For National Goals of Self-Reliant And Equitable Growth
4. Agricultural Policy, Agricultural Science And Agrarian Development/or Crisis
5. Education Policy And Schools, Colleges And Universities in Post-Colonial India
6. Impact of Policy of Privatisation And Globalisation on Indian Economy, Education, Health And Culture
7. Health Policy, Medical And Health Education System and Peoples Health
8. Policy of Social Justice, Judicial System And Social Justice Today
9. Correlating Constitutional Goals of Equality, Freedom and Fraternity With The Ground Social Reality
10. Ecological And Environmental Policy and Ecological And Environmental Crisis
11. Policy of Non-Violence and Growing Violence in Post-Colonial India
12. Evolving Strategy For Greater Role of Social Science In Formulation of National Policies of Democratic Development

0500 SUB-THEMES OF RESEARCH COMMITTEES

There are 19 Research Committees representing 32 subjects of the Indian Social Science Congress. Since everything is related to every other thing, all these Research Committees too are inter-related with each other and their traditionally demarcated boundaries do not seem to hold them apart from each other. Scientific knowledge generated by all these when put together seem to offer better understanding and solution of problems of Nature-Humans-Society relationship and, hence if used appropriately better public policy can be formulated and implemented. Keeping this in view each of the 19 Research Committees, it is hoped, shall deliberate upon the Public policy from the point of view of their current research and theory with a view to working out better science-based Public Policy. Sub-themes suggested are just tentative. Research scientists, teachers and students are most welcome to formulate appropriate issues for indepth theoretical and methodological examination.

1. AGRICULTURAL SCIENCE AND HOME SCIENCE RESEARCH COMMITTEE

- Agricultural Policy, Agricultural Science And Agrarian Problems/Crisis
- Land Policy And Agriculture
- Water Policy And Agriculture
- GM Crops And Foods
- Agriculture Cost Policy
- Comparative Analysis of Agriculture Vs Industrial Policy
- Impact of Chemical Fertilizer and Pesticides on Food and Health
- Farmers suicides and Agricultural Policy
- Agri-Climate, Multi-Agricultural Business
- Science of Organic Farming

2. ARCHAEOLOGY, HISTORY AND ANTHROPOLOGY RESEARCH COMMITTEE

- Historical view of Public Policy since the British Rule
- Valuation of Archaeological Excavations
- Historiography And Politics of History
- Museum Policy
- Interface of Art And Culture

FOR ANTHROPOLOGY RESEARCH COMMITTEE

- Interface of Archaeology, History and Anthropology
- Anthropological Survey of India and its Policy of Man And Society
- Connection Between Physical And Social Anthropology
- Policy of preservation and problems of well-being of Indigenous People/Tribes
- Policy of Dispossession and Rehabilitation of Indigenous Peoples/Tribes (Scheduled Tribes Policy)
- Policy of Modernization of Indigenous Peoples/Tribes
- Extinction of Indigenous People and Their languages

-

3. BIOLOGICAL/LIFE SCIENCE AND BIOTECHNOLOGY RESEARCH COMMITTEE

- Interfaces of Biological/Life Science (Biophysics, Bio-chemistry, Organic Chemistry, Eco-biology, socio-biology, Bio-psychology) etc.
- Foundations of Biological, Genesis, Evolution and growth of life.
- Biological Warfare
- Interfaces of Biotechnology
- Biomedical Engineering
- Indigenous knowledge of Medicinal Plants and Health Policy
- Ethno Botany, Ancient Science of Medicinal Plants And Health Policy
- Genome and Human Genetic Policy
- Policy for preservation of life on Planet Earth – Western Ghats And Himalayas

-

4. COMPUTER SCIENCE AND COMMUNICATION SCIENCE

- Interfaces of Computer Science and Communication Science
- Implication of Digital Policy
- Virtual World Vs Real World
- IT and Language
- IT and Education
- IT and Economy
- IT and Culture
- IT and Violence

5. EARTH SCIENCE, PLANETARY SCIENCE AND GEOGRAPHY RESEARCH COMMITTEE

- Interface of Earth, Planetary and Geographical Science
- Policy For Preserving Life Supporting System
- Global Warming And Climate Change
- Deforestation, Mining and Desertification
- Natural Disaster Management Policy
- Policy For Arresting Desertification of Earth
- Atmospheric Science And Oceanic Science
- Marine Science And Ocean Policy

6. ECOLOGICAL AND ENVIRONMENTAL RESEARCH COMMITTEE

- Interface of Ecological And Environmental Science and Sustainable Development
- Waste-Management Policy
- Public Policy on Ecology and Environment
- Ecological Policy for Preservation of Western Ghats and Himalayas
- Impact of Green Technology Policy on Ecology and Environment
- Natural Resources And Biodiversity
- Preservation of Wild Life And other Species

7. ECONOMICS, COMMERCE AND MANAGEMENT SCIENCE RESEARCH COMMITTEE

- Interfaces of Economics, Commerce and Management Science
- Current Research and Theory of Economic Development
- Capital-intensive Vs Labour Intensive Economic Development
- Foreign Direct Investment
- Distribution of Wealth
- Labour Policy And Labour Employment
- Growth with Job Vs Jobless Growth Policy
- Self-Reliance Vs Import-led Development Policy
- Economic Policies and Industrial Development
- Industrial Policy
- Rural Development Policy
- Special Economic Zone Policy
- Urban Development Policy
- Indian Economy And Its People
- Policy of Equality and Growing Disparity
- Neo-liberal Policies And Economic Development Programmes Make-In-India Policy

- Poverty Alleviation Policies, Programmes And growing Poverty, And Unemployment; Global Economic Crisis and WTO

8. EDUCATION RESEARCH COMMITTEE

- Interfaces of Education
- Education Policy in Democratic Republic of India
- Universalization of Education
- Education for All And Status of Literacy
- School Education Policy And Standards of School Education
- Connection between School Education and University Education
- Language Policy of Education and Research
- Policy For publication of Researches in Indian languages
- Policy for Science Education
- Policy For Medical Science Education
- Policy For University Education
- Policy for Technology Education
- Policy For Skill Generation Education
- Distance And Open Education
- Promotion of Tests and Coaching Institutes
- Policy For Contract Teachers and Policy of Keeping the posts vacant

9. ENGINEERING SCIENCE AND TECHNOLOGY RESEARCH COMMITTEE

- Technology Policy and Technology Development
- Impact of Brain Drain on growth of Indigenous S&T
- Interfaces of Engineering Science and Technology
- Development and utilization of Indigenous Technology
- Impact of Policy on development and utilization of indigenous Technology and Engineering Science
- Status of utilization of Technological Management
- Technology Import Policy And Its impact on growth of Indigenous Technology

10. INTERNATIONAL RELATION STUDIES AND DEFENCE & STRATEGIC STUDIES RESEARCH COMMITTEE

- Interfaces of International Studies, Defence & Strategic Studies
- Correlation Between Domestic Policy and Foreign Policy
- UN Security Council
- Non-Alignment And After
- SARRC
- BRICS
- India's East Policy
- India-Pak-China Policy
- Policy with Neighbours
- Internecine War
- Post-Cold War Policy
-

11. JURIDICAL SCIENCE RESEARCH COMMITTEE

- Land Laws
- Constitution of India And Legislation
- Interfaces of Juridical Science
- From Colonial Jurisprudence to Democratic Jurisprudence
- Social Conflicts, Violence and Social Justice
- Juridical Accountability
- Criminal Laws And Capital Punishment
- Labour Laws
- Social Justice And Social Conflicts

12. LINGUISTICS RESEARCH COMMITTEE

- Interface of Linguistics
- Language Policy and Language Development
- Education And Research in Indian Languages
- Commerce and Language

- Culture and Language
- Extinction of Indian Languages
- Vanishing Languages And Vanishing Culture
- Social hierarchy/Social Stratification As Reflected in the Language
- To Plan Language is To Plan A Society: Contribution to Language management and Planning.

13. MATHEMATICAL AND STATISTICAL SCIENCE RESEARCH COMMITTEE

- Policy For Mathematical Science Education
- Interfaces of Mathematical and Statistical Science
- Education and Research in Mathematical and Statistic and Science
- Socio-Economic Use of Statistical Knowledge
- Preventing misapplication and misuse of statistics

14. MEDICAL AND HEALTH SCIENCE RESEARCH COMMITTEE

- Interfaces of Medical and Health Science
- Bio-medical Science
- AYUSH And Medical Science
- Social Medicine and Community Health
- Health Policy and Medical and Health Science
- Population Policy and Medical and Health Science
- Drug Policy And Drug Industries

0600 THEMATIC PANELS

There are 21 interdisciplinary Thematic Panels in the Indian Social science Congress. Each Panel refers to current social problems confronting people of India and the world people. Each theme is related to Public Policy. Scientists of diverse disciplines working on each of them are invited to examine the scientific value and relevance of each Public Policy in relation to the given theme and offer better Public Policy Formulation. These Thematic Panels are as following:

1. Conflicts, War, Peace and Social Security
2. Democracy And Human Rights
3. Ecological and Environmental Protection Movements
4. Ethics of Science and Society
5. Global Warming and Climate Change
6. History and Philosophy of Science
7. Information Technology, Mass Media and Culture
8. Labour In Organised and Unorganised Sectors
9. Nation-States and Emerging Challenges
10. Natural Resoures, Bio-diversity and Geographic Information System
11. Patent Laws and Intellectual Property Rights
12. Peoples (Dalits, Tribes, Women, Peasants, etc) Struggles And Movements For Equitable Democratic Society
13. Peoples Health and Quality of Life
14. Peasants, Livelihood and Land-use
15. Political Economy of India
16. Population, Poverty and Migration
17. Rural Technology, Social Organisations and Rural Development
18. Science Communication and Science Popularization
19. Social Processes, Social Structures and Social Alienation
20. Science, Technology and Social Development
21. Unity of Science (Science of nature-Human-Society)

0700 SEMINARS/SYMPOSIA/WORKSHOPS/COLLOQUIA

Indian Academy of Social Sciences proposes to organized following multidisciplinary seminars/symposia/workshops/colloquia/Ad Hoc Group discussing prior to, during and after the XXXIX Indian Social Science Congress on following themes:

(a) International

1. Social Interfaces of Biotechnology and Public Policy
2. Emerging Interfaces of Social Science and Public Policy
3. Global Economic Crisis

(b) National

- (i) Social Science In India: Current Research, Theory And Public Policy
- (ii) Indian Economy and Its Peoples
- (iii) Karnataka And Its People
- (iv) Understanding Secrets/Mystery of Life Through Western Ghats

- (v) Linking Traditional/Ancient Science with Modern Science
- (vi) Social Implication of GM Food Crops
- (vii) Language of Education And Research: English Vs Indian Languages
- (viii) Make-In-India
- (ix) Impact of Contract Teaching on Education And Research
- (x) Agrarian Crisis And Agricultural Policy
- (xi) Evolving New Approach To Energy For Sustainable Economic Growth
- (xii) Interactive Workshop on Drug Policy, Health Policy And Drug Industry
- (xiii) Ecological Sustainability of Smart City Policy
- (xiv) Evolving New Approach To Energy for Sustainable Development

These are tentative. Members are welcome to suggest newer and better themes.

0800 FIFTH ALL INDIA YOUNG SCIENTIST CONVENTION

Fifth All India Young Scientist Convention will be held during the XXXIX Indian Social Science Congress. It will be deliberations upon following issues:

- I.** Interdisciplinary workshop on Research Methods and Theories
- II.** History And Philosophy of Science in India
- III.** Impact of contract teaching on growth of young scientists
- IV.** Young Scientists' Thoughts on linkages between Science And Public Policy
- V.** Young Scientists' Perception of Nature of Research Guidance in Universities, Colleges and Research Institutes
- VI.** Problems of Placement of Young Scientists
- VII.** Young Scientists' Thoughts on National Eligibility and other tests.
- VIII.** Young Scientists' Thoughts on Language of Research and Education: English Vs Indian

0900 APPROACH

Indian Social Science Congress represents almost subjects/disciplines of science taught and researched in universities, colleges and Research Institutes/Laboratories. It, therefore, follows multidisciplinary interactive exchange approach to its deliberations. It is also open to policy planners and social activists. It seeks to build Science of Nature-Human-Society through this approach.

At the moment Hindi and English are its medium of communication. It, however, wishes to evolve facilities for communication in all Indian languages as it is believe this is necessary for effecting qualitative improvement in research, education and innovation in India.

XXXIX INDIAN SOCIAL SCIENCE CONGRESS

Mangalore University, a public university, was established in 1980 and has successfully completed 34 years of providing quality higher education and fulfilling the aspirations of the stakeholders of Dakshina Kannada, Udupi and Coorg districts. . The campus Mangalagangothri is located 20 kms from the Southeast coastal town of Mangaluru in Konaje. It has been accredited by NAAC with an ‘A’ grade. This portal of higher education has created access to higher studies in the disciplines of Humanities, Science, Commerce and Management Studies.

The University has 25 Post-Graduate Departments with 208 affiliated colleges/institutions. It is a pro-active University that is continually upgrading its infrastructural facilities like well equipped Library, Cyber Lab with one Gbps Internet Connectivity and wifi enabled campus. University has 19 Endowment Chairs on areas like Banking, Rural Development, Yoga, Environment, Literature, Fine Arts, Culture, Religion and Regional languages. The University collaborates with several premier national and international institutions.

भारतीय समाज विज्ञान अकादमी

INDIAN ACADEMY OF SOCIAL SCIENCES

The Indian Academy of Social Sciences (ISSA when abbreviated) is the first National Science Academy of independent Democratic Republic of India and fourth in chronicle order. The other three national science Academies—Indian National Science Academy (INSA), Indian Academy of Sciences (IAS) and National Science Academy of India (NSAI) were born in British India. ISSA was born, 40 years ago, on August 15, 1974 at University of Allahabad in an assembly of young scientists. August 15, 1974 symbolized a beginning of an altogether new science reflecting democratic needs, aspirations, creative urges / potentialities, history, culture and traditions of peoples of India. Its name was carefully chosen for reflecting the true meaning and function of science. The setting up of the Indian Academy of Social Sciences also heralded a beginning of a new movement for unity of science of Nature-Humans-Society by forging unity among all branches of science. Many described it as a *barometer* of science and society in India. In more than one sense ISSA is a unique body in the whole world.

Science means objective knowledge of non-living and living things / objects and knowledge means answer to questions 'what', 'how' and 'why', about a thing / object. The word 'Nature' connotes all forms of objects / things / matter including humans and societies. Nature-Humans-Society form one single continuum. So division of science into physics, chemistry, biology, environment, ecology, agriculture, medical, social, historical etc. is artificial and all such divisions provide partial objective knowledge of Nature-Humans-Society. Unity of Science of Nature-Humans-Society, therefore, is necessary for having correct and full understanding of Nature. Science, thus viewed is unitary as well as uniting.

The Science as an objective knowledge of non-living and living objects / things / matter is produced through collective mental and physical labour of men and women. What is the result of collective labour is termed as **social** and what is **social is public and not private**. Science, therefore, is **social**. It springs in society comprising men and women. **Because it is social it has social functions**. It has the prime role in enabling men and women to enjoy higher quality of material, social and cultural life in harmony with Nature. However, all such social functions of science filter through different groups in the society because of which one doesn't find one-to-one relationship between science and conditions of all men and women of all societies. Humans' inability to create a science-based society is well reflected in modern societies all over the world.

The Indian Academy of Social Sciences seeks to discover, develop and disseminate science of Nature-Humans-Society in Indian conditions in particular, and world conditions in general, with a mission to build a new Democratic Republic of India where there is no hunger, no poverty, no unemployment, no illiteracy, no disease, no bigotry, no superstitions, no communalism, no casteism and no discrimination of any form and where all men, women and children enjoy equally good quality of material, social, cultural and spiritual life in harmony with Nature without any kind of fear of violence, rape and murder.

Founders of the Indian Academy of Social Sciences thought that science can benefit the peoples of a given society **only** when it is taught and researched in their own language. **Communication of scientific research and science education in peoples own language, therefore, is key to the unfolding of creative potentialities of peoples and benefiting them.** Unfortunately, even after 68 years of independence science in India is communicated through English. The end result is peoples of India who fund all scientific research are deprived of its benefits. The creativity in science is continuously declining. The Indian Academy of Social Sciences, therefore, seeks to change it by creating necessary conditions for communication of scientific research and science education in Indian languages involving publication of research journals, monographs, books etc. in Indian languages.

All branches of science as mentioned below constitute the Indian Academy of Social Sciences:

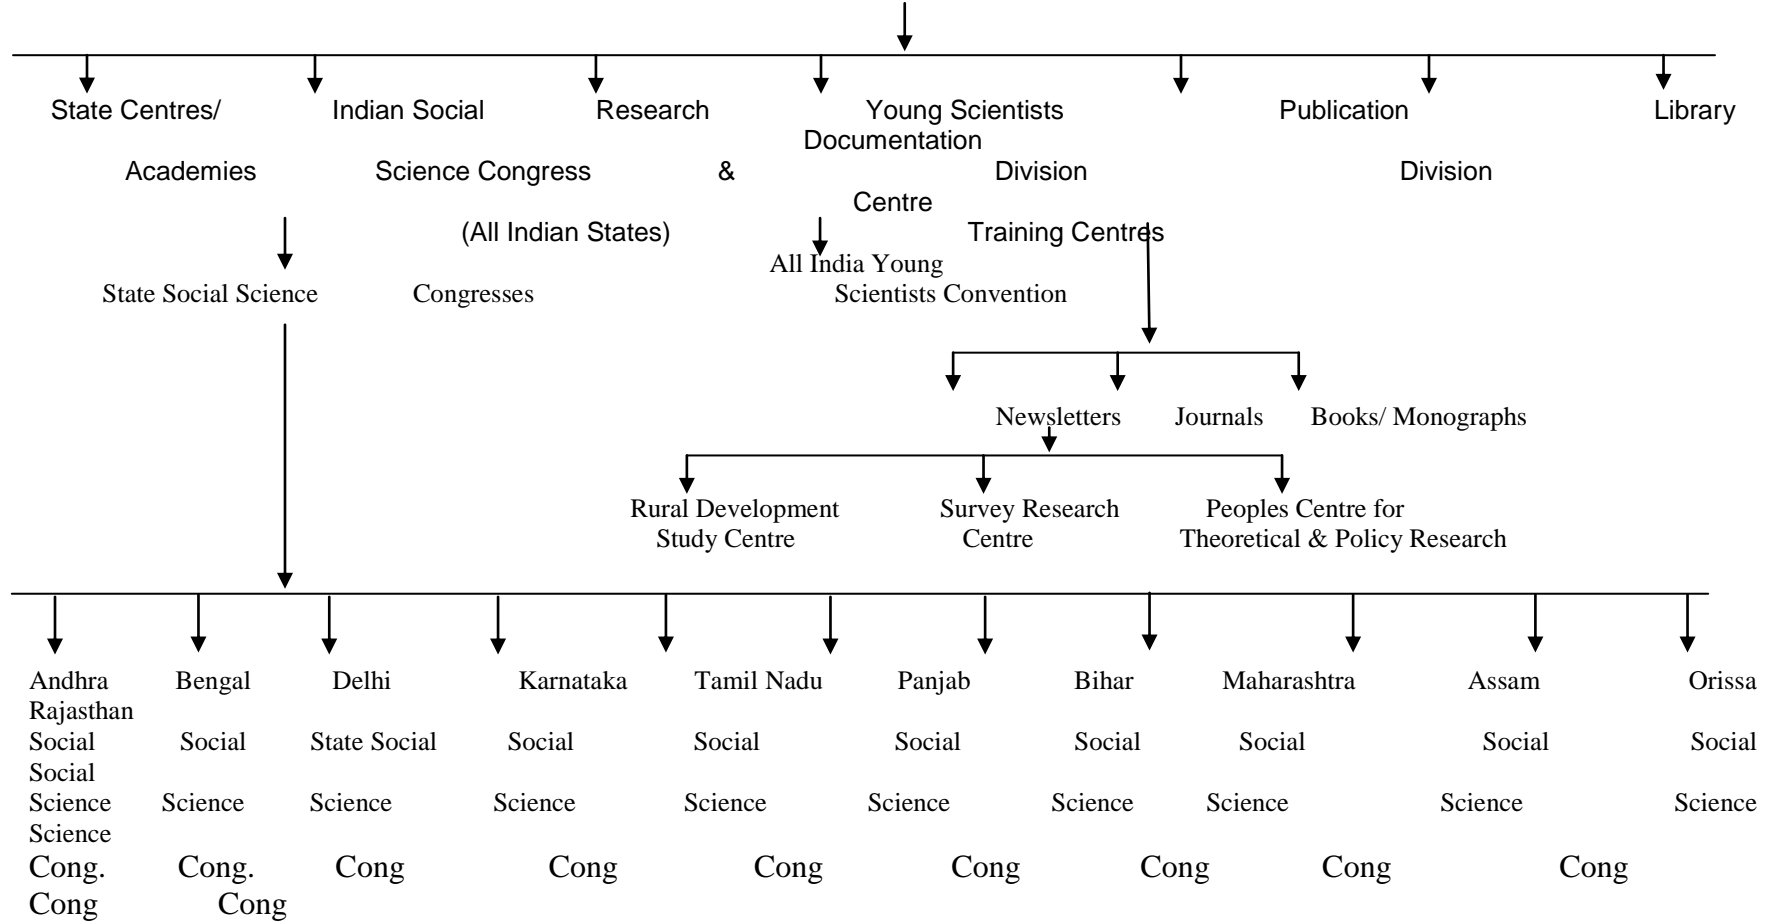

1. **Agricultural Science**
2. **Anthropology**
3. **Biological or Life Science**
4. **Biotechnology**
5. **Communication And Journalism**
6. **Commerce**
7. **Computer Science And Information
Technology**
8. **Defence And Strategic Studies**
9. **Ecological And Environmental Science**
10. **Economics**
11. **Education**
12. **Engineering Science**
13. **Geography**
14. **Earth Science, Atmospheric Science, Ocean Science And Planetary Science**
15. **History And Archaeology**
16. **Home Science**
17. **International Relations Studies**
18. **Juridical Science**
19. **Linguistics**
20. **Management Science**
21. **Mathematics And Statistics**
22. **Medical And Health Science**
23. **Philosophy**
24. **Physical Science**
25. **Chemical Science**
26. **Political Science**
27. **Population Science**
28. **Psychology**
29. **Social Work**
30. **Sociology**

Besides, policy planners, development agents and social activists having concern for science-based pursuits also find welcome place in the Indian Academy of Social Sciences. Thus the Indian Academy of Social Sciences is all embracing and all encompassing within the framework of science.

The Indian Academy of Social Sciences pursues the following activities for realizing its goal:

- 1. Indian Social Science Congress**
- 2. Network of State Centres / State level Academies**
- 3. State level Social Science Congress in languages of respective States**
- 4. Research And Training Centres**
 - (I) Rural Development Centres**
 - (II) Survey Research Centres**
 - (III) ISSA Silver Jubilee Peoples Science Centre For Theoretical And Policy Research**
- 5. Research Journals And Newsletters**
 - (I) Bharatiya Samajik Chintan (English)**
 - (II) Samayik Samajik Chintan (Hindi)**
 - (III) ISSA Newsletter**
- 6. Young Scientist Division**
- 7. All India Young Scientists Convention**
- 8. Publication of Books / monographs in Indian languages**

INDIAN ACADEMY OF SOCIAL SCIENCES

(Similarly in other States)

भारतीय समाज विज्ञान अकादमी

भारतीय समाज विज्ञान अकादमी स्वतंत्र भारत की प्रथम राष्ट्रीय विज्ञान अकादमी है। ऐतिहासिक दृष्टि से यह चौथी राष्ट्रीय विज्ञान अकादमी है। अन्य तीन राष्ट्रीय विज्ञान अकादमी, भारतीय राष्ट्रीय विज्ञान अकादमी, भारतीय विज्ञान अकादमी और राष्ट्रीय विज्ञान अकादमी की स्थापना ब्रिटिश शासन काल में हुई थी। इकतालीस साल पूर्व, 15 अगस्त 1974 में इलाहाबाद विश्वविद्यालय में भारतीय समाज विज्ञान अकादमी का जन्म हुआ। तत्कालीन युवाविज्ञानियों का एक नये राष्ट्रीय विज्ञान अकादमी की रचना करने का दृढ़ संकल्प भारतीय समाज विज्ञान अकादमी को स्थापित करने एवं साकार बनाने के पीछे था। भारतीय समाज विज्ञान अकादमी स्वतंत्र भारत में बिल्कुल एक नए विज्ञान का द्योतक है; उस विज्ञान का जिसमें भारतीय जनमानस की लोकतांत्रिक आवश्यकताएँ, महत्वाकांक्षा, संरचनात्मक क्षमता / प्रवृत्ति, इतिहास, परम्परा एवं संस्कृति परिलक्षित होती हो तथा जिसमें विज्ञान की सभी शाखाओं का संगम एवं समागम हो। इसकी स्थापना प्रकृति-मनुष्य-समाज के विज्ञान की एकता की नयी प्रक्रिया की शुरुआत का प्रतीक है। विज्ञान की सभी शाखाओं के बीच पारस्परिक सम्बन्ध एवं एकता स्थापित करना इस आन्दोलन का परम लक्ष्य है।

विज्ञान का अर्थ है निर्जीव एवं सजीव वस्तुओं/चीजों/पदार्थों के बारे में 'वस्तुनिष्ठ' ज्ञान, और ज्ञान का अर्थ है किसी भी वस्तु/चीज/पदार्थ के बारे में 'क्या', 'कैसे' एवं 'क्यों' का उत्तर। आधुनिक विज्ञान में 'प्रकृति' में सभी निर्जीव एवं सजीव पदार्थ सम्मिलित है। मनुष्य एवं समाज प्रकृति के अभिन्न अंग हैं। अतएव प्रकृति-मनुष्य-समाज को एकाकी विज्ञान की आवश्यकता है। इसलिए भौतिक विज्ञान, रसायन विज्ञान, जीव विज्ञान, जन्तु विज्ञान, पर्यावरण विज्ञान, कृषि विज्ञान, समाज विज्ञान आदि एक दूसरे से जुड़े हैं और उनमें पारस्परिक एकता के वगैर 'प्रकृति-मनुष्य-समाज' का एकाकी विज्ञान संभव नहीं है।

वस्तुनिष्ठ ज्ञान के रूप में विज्ञान सामूहिक मानसिक एवं शारीरिक श्रम की उपज है। यह बात तब और स्पष्ट हो जाती है जब हम इस बात पर ध्यान देते हैं कि आधुनिक विज्ञान अत्यधिक संगठित है। जो कुछ सामूहिक श्रम से उपजता है उसे समाज कहा जाता है। अतएवं विज्ञान का मूल स्वभाव **समाजिक** है। जो समाजिक है वह **सार्वजनिक** है या सभी के लिए है। इसमें 'निजी' का कोई स्थान नहीं है। अतएवं विज्ञान का कार्य भी समाजिक है। विज्ञान से सभी की भलाई सम्भव है।

इस प्रकार से 'समाज विज्ञान' में सभी विज्ञान की शाखायें मिलती हैं और एक नयी इकाई को जन्म देती है। भारतीय समाज विज्ञान अकादमी इस विज्ञान की नयी अवधारणा पर खड़ी है।

भारत की ठोस धरती पर 'प्रकृति-मनुष्य-समाज' के इस नये विज्ञान को खोजना, विकसित करना एवं प्रसारित करना भारतीय समाज विज्ञान अकादमी का लक्ष्य है। इस नये विज्ञान के द्वारा एक ऐसे नये भारत का निर्माण संभव है जिसमें कोई भूखा-नंगा, गरीब, बेरोजगार, अनपढ़, रोगी, घर-विहीन न हो, जिसमें लूट-पाट, मार-पीट, बलात्कार, हिंसा आदि का नामोनिशान न हो और जहाँ सभी भारतीय अच्छा भौतिक, आर्थिक, समाजिक एवं

सांस्कृतिक जीवन यापन करते हों और जहां प्रकृति, मनुष्य एवं समाज के बीच भ्रातृत्व एवं मित्रता के सम्बन्ध हो।

भारतीय समाज विज्ञान अकादमी के संस्थापकों का यह दृढ़ विश्वास था कि भारत में विज्ञान भारतीय लोगों के काम तभी आ सकता है जब भारत में विज्ञान भारतीय भाषा में हो। जब तक विज्ञान का संचार अंग्रेजी भाषा के द्वारा होगा तब तक न तो भारतीय लोगों की वैज्ञानिक संरचनात्मक क्षमता बढ़ेगी और न ही भारतीय लोगों की भलाई होगी। इसलिए भारतीय समाज विज्ञान अकादमी ने भारतीय भाषा में अनुसंधान एवं प्रशिक्षण के लिए अनुसंधान पत्रिकाओं, किताबों, आदि का प्रकाशित करने का लक्ष्य बनाया।

भारतीय समाज विज्ञान अकादमी अपना लक्ष्य अधोलिखित कार्यों के द्वारा हासिल करने का प्रयास करती है:—

1. भारतीय समाज विज्ञान अधिवेशन
2. राज्य केन्द्र/राज्य अकादमी
3. राज्य स्तरीय समाज विज्ञान अधिवेशन
4. अनुसंधान एवं प्रशिक्षण केन्द्र
(अ) ग्रामीण विकास अध्ययन केन्द्र
(ब) सर्वेक्षण अनुसंधान केन्द्र
(स) सैद्धान्तिक एवं नीति लोक विज्ञान अनुसंधान केन्द्र
5. अनुसंधान पत्रिकायें
(अ) भारतीय समाज चिन्तन
(ब) सामयिक समाज चिन्तन
(स) अकादमी समाचार पत्र
6. युवा विज्ञानी केन्द्र
7. अखिल भारतीय युवाविज्ञानी अधिवेशन
8. भारतीय भाषाओं में वैज्ञानिक पत्रिका एवं पुस्तकों का प्रकाशन
9. विज्ञान संचार
10. वैज्ञानिक पुस्तकालय
11. स्थानीय/क्षेत्रीय/राष्ट्रीय/अन्तरराष्ट्रीय गोष्ठी, परिचर्चा।
12. विष्वविद्यालयों, महाविद्यालयों, अनुसंधान संस्थाओं, प्रयोगशालाओं तथा आर० एण्ड डी० संगठनों के साथ निरन्तर संघात।

INDIAN ACADEMY OF SOCIAL SCIENCES

भारतीय समाज विज्ञान अधिवेशन

INDIAN ACADEMY OF SOCIAL SCIENCES

Let us come together and work together in search of that science which will wipe out poverty, hunger, disease, illiteracy and violence from the mother earth for ever and enable every man, woman and child on earth to enjoy superior quality of material, social and spiritual life in peace and in harmony with Nature. Let us build a new science of newer and better Democratic and ecological civilisation

MEMBERSHIP

The Indian Academy of Social Sciences seeks to build science of Nature-Humans-Society in Indian conditions through integration of research and theories across subjects. Its membership is open to scientists of all branches of science, social workers and policy planners. It is also open to universities, colleges and research institutes, national and regional laboratories, associations of scientific disciplines and other institutions / organizations including industrial organizations. Following categories of memberships are available:
