1. **Introduction**

G.B. Pant National Institute of Himalayan Environment and Sustainable Development (GBPNIHESD) is a premier autonomous Institute of the Ministry of Environment, Forest and Climate Change, Government of India. The Institute is a focal agency to advance scientific knowledge, to evolve integrated management strategies, demonstrate their efficacy for conservation of natural resources and to ensure environmentally sound development in the entire India Himalayan Region (IHR). The Institute works under decentralized set-up with its Headquarters at Kosi-Katarmal (Almora), Uttarakhand and through four Regional Centers at Srinagar-Garhwal (UK), Kullu (HP), Pangthang – near Gangtok (Sikkim), Itanagar (Arunachal Pradesh) and 5th Regional Centre in Ministry of Environment, Forest and Climate Change at New Delhi as Mountain Division.

2. **Scope of Work for Redesign and Development of GBPNIHESD Website (Scope of work attached at Annexure-I)**

The GBPNIHESD Institute invites Expression of Interest (EOI) from reputed Firms/Organizations to design and develop a new dynamic website for the institute (http://gbpihed.gov.in/) with latest modules and tools. The institute website will be bilingual that is in Hindi and English Language. The Eoi should consist of two parts:

i. Submission of tentative design, technique of development, proposed technology and project management;

ii. Submission of a brief write-up on each of the above aspects for evaluation.

The website should fulfill the following criteria:

- Making the website Dynamic with new look & feel.
- Advanced security features securing the website from any hacking vulnerabilities, threat, penetration, Brute force attacks, etc.
- The website will be interactive in all aspects and will include the menus in interactive and user-friendly manner.
- The layout of the web framework should be responsive, to support dynamic rendering. The design should support cross browser rendering across all prominent operating systems as well as platforms such as desktops, laptops, and mobile devices. Users can open the website on any Smartphone, tab, iPhone and all other capable phones & mobile devices with the gadget compatibility.
- The new website should be based on an open source Content Management System (CMS), and should have a user-friendly interface to create, update, and upload content.
The site should support dynamic display and update of contents in the relevant pages.

Home pages of all Centres/Regional Centres/Cells of GBPNHESD and its staff members of the institute should have a uniform design and should be organized in hierarchical structure.

The site should include pages for recruitment/careers, tenders, events/workshop, news, resources, sitemap, search, Research publications, awards, announcements, profiles of staff, hit-counter for each page etc. Automatic archiving facility must be provided on expiry of event/tender/announcement/career opening etc.

The website should provide a section accessible only to permanent employees on authentication. This section should provide facilities for downloading / uploading and updating information of their profiles, Centres/Regional Centres information, accessing circulars, notifications and viewing events etc.

The website should have an e-governance related section accessible only to permanent employees on authentication. Admin of the website should have privilege to add or remove any user. This section should provide facilities for:

- Downloading/uploading/online filling in of forms related to leave, tours, LTC, TA, medical reimbursement etc.,
- Collaboration and Messaging Services (CAMS)
- Personal Information Management System including pay slip archival, Pension statements, form 16, etc.
- Accessing circulars, Purchase and stores requests.
- Applying for guest house, hostel, Institute’s Resources (vehicle, seminar hall, etc.), training/Workshop, etc.
- Hierarchal approvals process against above mentioned activities with auto email to the consignee after each action.
- E-Filling System
- Stock/Inventory Management System
- Online Processing of bills.

The site should have a site-search facility, that searches pdfs, docs, images, text, videos, etc. and also permits searching for staff by name, designation, centres, regional centres, etc.

Integrate Social Media icons, NIC mail, ENVIS Centre, IERP, Institute’s Library facility and other linked WebPages/websites/portals and link it with the respective pages.

The Proposal includes conversion of all existing pages of current website into the new one including Hindi. Current information on website will be provided for content rendering.

The administration page shall be made available through web login with proper authentication and access control which controls all the above features including backup/recovery/access control settings, user creation, publishing/ creating pages, change of menus, design/change of template etc. The content of the website would be
synchronized for automatic backup every end of the day for last 30 days (not complete backup but only the changes may be recorded keeping the static data intact).

- In the backend the website should maintain a database facilitating the users to upload relevant data (after all due scan) by staffs. However, for research scholars & other users such uploads will be limited and duly scanned before its archival into database. The information/relevant content classified under public domain from digital database maintained by the institute should be accessible to end users based on his access privilege.
