S.No.-1

The website of the Institute plays a very vital role in the outreach to the outside world about the Institute, its mandate, Research and Development Program, Facilities and service offered, etc. It gives the perception to the viewers about the Institute and its profile as a whole.

G.B. Pant National Institute of Himalayan Environment and Sustainable Development, an autonomous Institute under the Ministry of Environment, Forest and Climate Change, has been engaged in wide domain of research pertaining to Himalayas which in itself is the only Institute of the country covering the various themes and issues of IHR. The Institute disseminates this information through its existing website. But due to constraint of the dedicated manpower for its update and maintenance, the website lacks the frequent updates as it is relied on manpower of other mission/project based websites. Keeping in view the interest of the Institute to update the events/activities/news/publications related information of Headquarters and also the regional centers on daily basis, it is now essential to allot a dedicated manpower for the website on urgent basis. The position may be termed as "Web Developer" with following qualifications:
