

**G.B.PANT NATIONAL INSTITUTE OF HIMALAYAN ENVIRONMENT,
KOSI-KATARMAL, ALMORA (HQ), UTTARAKHAND
CALL FOR VRITIKA INTERNS UNDER SERB-ABHYAAS-VRITIKA PROGRAM**

Applications are invited from interested postgraduate students in science and technology and early-stage Ph.D. scholars for the internship program entitled 'Working with high-end instruments in environmental studies' funded by DST-SERB under ABHYAAS- Vritika program. Total 5 interns will be selected for the program. The internship program will give a platform to the participants to understand the basics of the instruments used in environmental research along with the hands-on experience through 2 months short-term project activity.

Eligibility criteria

Post graduate in science/ technology/ engineering and early-stage Ph.D. scholars working on environmental studies.

Age limit: 25 years (till 1 August 2022)

The applicant must produce a letter of authentication from their supervisor or head of the department or Head of the organization/institute (whichever is applicable) along with duly signed 'No-objection certificate' (preferably on letter head) for allowing the applicant to undergo 2 months internship, after selection.

Nature of support

This 2 months internship program (August-September, 2022) is funded by DST-SERB and all the necessary expenses of the selected intern will be covered under the program, including travel expenses (as per government norms), food, stay, stationary items, consumables required etc. no stipend will be provided during the internship.

Important dates

Period of internship: 1st August-30th September, 2022

Last date of application: 15 July 2022

List of interns selected shall be informed through email on or before 19 July, 2022 and participation have to be confirmed by 21 July, 2022

Reporting date of the selected interns will be 1 August 2022

Application process

Express your interest by filling the form using the link mentioned below

<https://forms.gle/4ZUoavhDDCRgenpz9>

or by scanning QR code.

Important information

The applicant will be responsible for the authenticity of all the information, documents and photographs submitted.

The list of selected candidates will be displayed on the institute website and the selected candidates have to accept the offer within prescribed time, after which the waitlist will be extended

The interns will abide by the rules and regulations of the institute and have to complete the work assigned by the scientist with whom the intern will be attached for the internship duration

The certificate from the Vritika internship program will be issued to the intern, who will complete the assigned work within due time.
